

## Ponty Jewelry

Albert Azzolini is a artist in his own right with a career in unique jewelry design.

We are proud to announce his work on this site. After working close to AI building this site we have gotten to know him and his work quite well. Keep an eye out for his own site showcasing his work from the last 18 years.

### Ponty & Company

We also decided to showcase his consignment section because it is the largest in North Western Ontario. We know that this does not fit in with our Mission Statement but felt we would help out Albert since he has taken the time and Money to help develop Artists from the region.

As soon as we can get him to slow down we will have a Bio up for him under our Artist section.
